Postdoctoral Fellow—NUFSM Dermatology

Exciting postdoctoral fellowship position open now in the laboratory of Dr. Amy Paller, Chair of the department of Dermatology, to study the application of nanotechnology in the treatment of inflammatory skin diseases. Enthusiastic candidates with recent PhDs or first postdoctoral experience in molecular biology, cell biology, and/or nanobiotechnology are encouraged to apply.

The laboratory is well funded and has excellent molecular and cellular imaging facilities. Dr. Paller is also Principal Investigator of the NIH-funded Skin Disease Research Center. Salary and benefits are competitive. Interested applicants can send CVs to Geoff White: g-white@northwestern.edu

Northwestern University is an Equal Opportunity, Affirmative Action Employer of all protected classes, including veterans and individuals with disabilities. Women and minorities are encouraged to apply. Hiring is contingent upon eligibility to work in the United States.
