<tbody>
<tr>
<td>Academic:</td>
<td>Includes teaching, research, and administrative positions at a university or college. Examples include Assistant Professor, Associate Professor, Instructor, Lecturer, and Senior Research Associate</td>
</tr>
<tr>
<td>Postdoctoral/Additional Training:</td>
<td>Includes postdoctoral fellows, researchers, associates, and other training positions, such as residents and students pursuing additional degrees. Examples include Postdoctoral Fellow, Postdoctoral Associate, Postdoctoral Researcher, Postdoctoral Scholar, Medical Resident, and Student.</td>
</tr>
<tr>
<td>Industry:</td>
<td>Includes research, leadership, technical, and professional positions at private industries and businesses. Examples include Research Scientist, Research Engineer, Consultant, and CEO.</td>
</tr>
<tr>
<td>Government/Non-Profit:</td>
<td>Includes positions in local, state, and federal government organizations. Also includes research and leadership positions at non-profit organizations. Examples include Senior Staff Scientist, Research Analyst, Statistician, Economist, Psychologist, and Director.</td>
</tr>
<tr>
<td>Other:</td>
<td>Includes anyone who does not fit into the above categories. Examples include Clinical Psychologist, Homemaker, Teaching K-12, Self-Employed, Independent Scholar, Private Practitioner, Physician and Deceased.</td>

Placement information is captured in the TGS PhD Placement Database using graduate responses from the Exit Survey and Survey of Earned Doctorates, and updated with the help of faculty and staff after each graduation. The database is intended to capture all first placement information, as well as all subsequent placements since graduation. This summary presents the placement information TGS has captured on graduate’s first placements, including temporary positions, and a section on most recent placements. Over the past 10 years, an average of 79% of graduates in Theoretical and Applied Mechanics have known placement information. For the 2012 - 2013 graduates, 0 out of 2 have known placements.

The Carnegie Classification provides categories for all U.S. Higher Education institutions into one of the following general areas:

**Research/doctoral universities** are institutions that offer a variety of baccalaureate degrees and award at least ten doctoral degrees per year across at least three academic disciplines or at least twenty doctoral degrees per year overall.

**Master's colleges and universities** are institutions that offer a variety of baccalaureate degrees and award twenty or more master's degrees per year.

**Baccalaureate colleges** are institutions that award baccalaureate degrees.

**Other** includes colleges awarding associate degrees and specialized institutions that award degrees in a particular field such as medical and law schools, religious institutions, schools of business, engineering, art, design, and military institutes.

Also included are **foreign institutions** outside of the U.S. that award higher education degrees.

* Excludes not-for-profit and government positions.
