

The Graduate Student Tracking System (GSTS) is designed to help you and your program track and communicate about your academic progress and achievements. In GSTS you can view and update the following information:

Profile

- View your demographic information.
- View your academic milestones, deadlines, & completion status.
- View an overview of your financial aid.

Committee

- Select & invite your advisor.
- Select & invite committee members.
- Note any changes in advisor or committee.

Plan of Study

- Plan your coursework.
- Assign coursework to requirement categories.
- View completed coursework against program requirements.
- Indicate your specialization.

Academic Progress

- Keep track of your academic activities, including research progress, publications, meetings, & more.
- Inform your program, advisor, and committee of progress & academic achievements.
